NEWS – FOR IMMEDIATE RELEASE

Heat Exchange Institute Issues a Corrigendum for the 5th Edition, Standards for Steam Jet Vacuum Systems

The Heat Exchange Institute (HEI) issued a corrigendum for the 5th edition of *Standards for Steam Jet Vacuum Systems*. The corrigendum identifies corrections of a printing error on Figure 47 in the standard.

HEI is providing a copy of the corrigendum to all purchasers of the standard. A copy of the corrigendum is also available on the HEI website on the “Publications and Standards” educational information page.

The Heat Exchange Institute (HEI) is a non-profit trade association committed to the technical advancement, promotion and understanding of a broad range of utility and industrial-scale heat exchange and vacuum apparatus. The Institute concentrates its efforts on the manufacturing and engineering aspects of steam surface condensers, closed feedwater heaters, power plant heat exchangers, liquid ring vacuum pumps, steam jet ejectors and deaerators.

Since its founding over 60 years ago, the Institute has earned international recognition as the leading authority on the technologies for heat exchange and vacuum apparatus. Institute standards are used throughout the world for the design, manufacture and operation of heat exchange and vacuum equipment.

For further information about the HEI or *Standards for Steam Jet Vacuum Systems*, contact R. Christopher Johnson, 1300 Sumner Avenue; Cleveland, OH 44115; e-mail: cjohnson@taol.com; fax: 216-241-0105, or visit the HEI Website: www.heatexchange.org.
